CONSULTING

PRIVATE EQUITY SERVICES

Trusted Partner to Private Equity

Investment Thesis Driven,
Value Creation Focused.

Powerful mix of business consultants, industry veterans, and IT experts— we hire experienced professionals

Leading private equity firms hire us when they:

have investments experiencing complex, transformational challenges

require strategic thinkers and tactical implementers

need solutions aligned to their investment thesis

MorganFranklin Consulting is a management advisory firm that assists organizations with complex transformational challenges.

ADD-ON/INTEGRATION

Inorganic growth “buy and build” strategies rely on effective integration of targets, capturing day one synergies.

TECHNOLOGY

Smart technology buying decisions will maximize return on investment.

DUE DILIGENCE

Whether buying or selling, effective due diligence will drive measurable returns.

BUY

Sourcing the right transaction, with the right thesis.

STABILIZE

Navigating short-term requirements while laying a foundation for long-term success.

GROW

Executing on strategic operational improvements empowered by thoughtful allocation of capital.

EXIT

Maximizing exit valuation and achievement of target returns.

CIO ADVISORY

Your investment’s IT needs require leadership with an eye for scalability and compliance.

REPORTING

Clear and timely visibility into the performance and future outlook of your investment optimizes decision making.

IPO READINESS

The IPO window opens and closes unexpectedly. Maximize your exit by ensuring your investment is ready when the market is right.
